

**NEW!**  
75H WASTE OIL HEATER

**Don't call  
him little**

**You'll just get him fired up.**

 **energylogic™**

**Introducing 'Junior'**

The all-new, entry-level 75H waste oil heater designed to provide **BIG heat for small spaces.**

# Customer-inspired & designed for small shops and DIY garages.

## DESIGNED FOR FITTING IN CORNERS WITHOUT CUTTING ANY

The 75H comes with all the standard features of our larger models but with a vertical design for tight spaces.

75,000 BTUs heats up to 1,700 sq. ft.

On-board air compressor

Burns No. 2 to 90W and synthetic oils

Small footprint

Perfect for tight spaces and corners!

Over the years, we've listened to customers requesting a smaller, space-saving heater. So we designed one!

### All standard EnergyLogic heater features are included:

- ✓ Onboard air compressor
- ✓ Metering pump
- ✓ Draft gauge
- ✓ Low fuel cutoff
- ✓ Only 24" x 20" foot print on floor
- ✓ Floor-mounted
- ✓ Cleanable in tank strainer
- ✓ Preassembled for easy installation
